SUBSIDIZED ENERGY TRAINING FOR RESIDENTS OF ALBERTA

CIET
SUSTAINABLE ENERGY TRAINING

The Canadian Institute for Energy Training (CIET) is excited to announce the Alberta Energy and GHG Training Calendar for the fall 2018 and winter/spring 2019 semesters!

The choice of courses listed in the calendar is a direct reflection of the training needs assessment conducted in the province this spring, whereby CIET polled Albertans on their professional development goals, level of engagement and understanding of provincial energy efficiency programs, subjects of interest, and time and availability for training.

The courses offered in the province will be highly relevant and suitable to individuals working in the Residential, Commercial, Industrial, Oil & Gas, Governmental and Service Provision segments, and will apply to a number of roles and technical backgrounds.

Throughout 2018 and 2019, we will be continuing our partnership with Energy Efficiency Alberta (EEA) to provide energy-related training sessions that is accessible and affordable to Albertans looking to increase their capacity to understand, engage in, manage, and measure energy efficiency projects.

Energy Efficiency Alberta will cover 50% of the cost for each of the courses listed on the calendar.

Spaces are limited, so sign up and reserve yours today!

ALBERTA TRAINING CALENDAR

FALL 2018

September 25 | Calgary
Dollars to $ense: 1-Day Best Practices of Energy Management

September 27 | Edmonton
Dollars to $ense: 1-Day Best Practices of Energy Management

October 22 | Edmonton
Introduction to Measurement & Verification

October 22-24 | Edmonton
Certified Measurement and Verification Professional (CMVP)

October 30 - November 2 | Calgary
Certified Energy Auditor (CEA)

November 6-7 | Edmonton
Prep Course for the NRCan Foundation Level Exam

November 6-7 | Calgary
Accelerated Energy Management (From Watts to ISO 50001)

November 6-8 | Calgary
Building Operator Certification (BOC) Training Part 1

November 8 | Calgary
Selling Energy Efficiency Internally and Externally

November 13 | Edmonton
Introduction to Building Energy Modelling (CAN-QUEST)

November 13 | Calgary
Energy & GHG Monitoring, Targeting and Reporting (MT&R)

November 14 | Edmonton
Energy & GHG Monitoring, Targeting and Reporting (MT&R)

November 14-15 | Edmonton
Advanced Building Energy Modelling (CAN-QUEST)

November 20-22 | Calgary
Building Operator Certification (BOC) Training Part 2

November 26-30 | Calgary
Certified Energy Manager (CEM)

November 27-30 | Edmonton
Prep Course for the NRCan ERS v15 Energy Advisor Exam

November 28 | Calgary
Implications of the Alberta Carbon Levy for your Organization

November 29 | Edmonton
Energy Efficiency Financing: Understanding the Mechanisms and Resources to Fund EE Projects

December 4-6 | Calgary
Building Operator Certification (BOC) Training Part 3

December 4-7 | Edmonton
Advanced Course on Building Recommissioning (RCx)

December 10-12 | Calgary
Certified RETScreen Expert (CRE)

WINTER 2019

February 5 | Calgary
Introduction to Measurement & Verification

February 5-7 | Calgary
Certified Measurement and Verification Professional (CMVP)

February 12-15 | Calgary
Advanced Course on Building Recommissioning (RCx)

February 19-22 | Edmonton
Certified Energy Auditor (CEA)

February 20-21 | Calgary
Prep Course for the NRCan Foundation Level Exam

February 25 - March 1 | Edmonton
Certified Energy Manager (CEM)

March 6-8 | Calgary
Certified RETScreen Expert (CRE)

March 11-13 | Edmonton
Certified RETScreen Expert (CRE)

March 12 | Calgary
Introduction to Building Energy Modelling (CAN-QUEST)

March 13-14 | Calgary
Advanced Building Energy Modelling (CAN-QUEST)

March 19-22 | Calgary
Prep Course for the NRCan ERS v15 Energy Advisor Exam
